Grumpy Hat

Scott Pettifer

What is a grumpy hat?

Grumpy hats are heavy and itchy.
They buzz in your ears and slip over your eyes.
They make you cross. They even turn you green.
You're not yourself when you wear a grumpy hat.

Most people don't know they've got one on.
Even when they notice, it's hard to take off.

One morning, Olivia trod on Noah’s dinosaur.

“Noah! Move your toys!”

Noah opened his mouth to shout back.
Then he saw it.

Olivia usually wore a little grumpy hat.
But today it didn’t stay little for long.
